

Canva

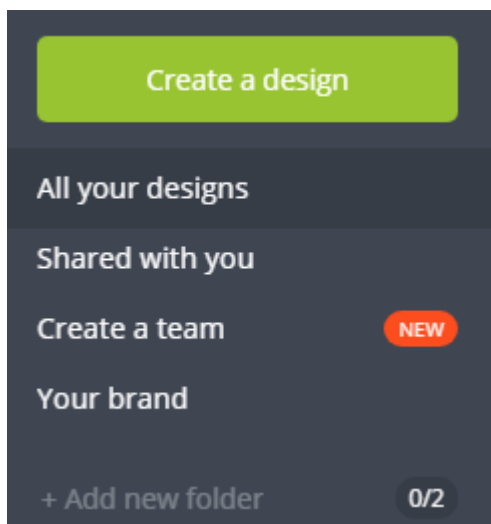

So, you've created some fantastic content and now you need to use it. Wouldn't it be great if you could just simply add it into a presentation, social image, poster or card? Well, now you can...welcome to the world of [Canva](#)!

Using Canva, you can create social images and graphics. You can even create pages! The best thing about Canva? It's free to use and it takes no time at all to create an account.

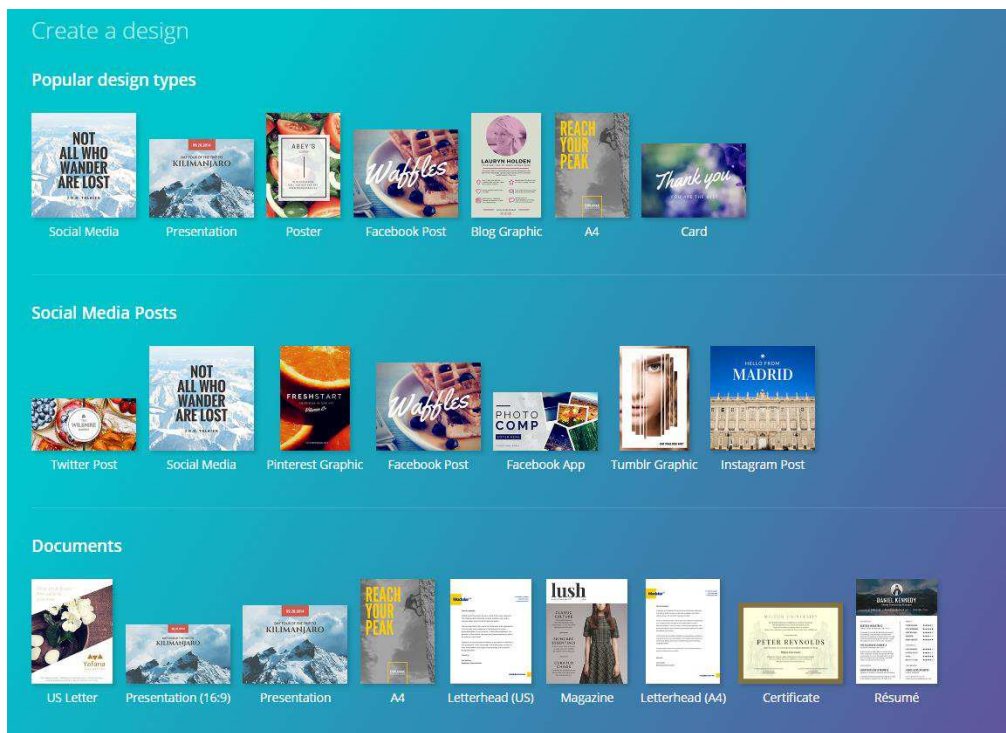

This is what the interface looks like below:

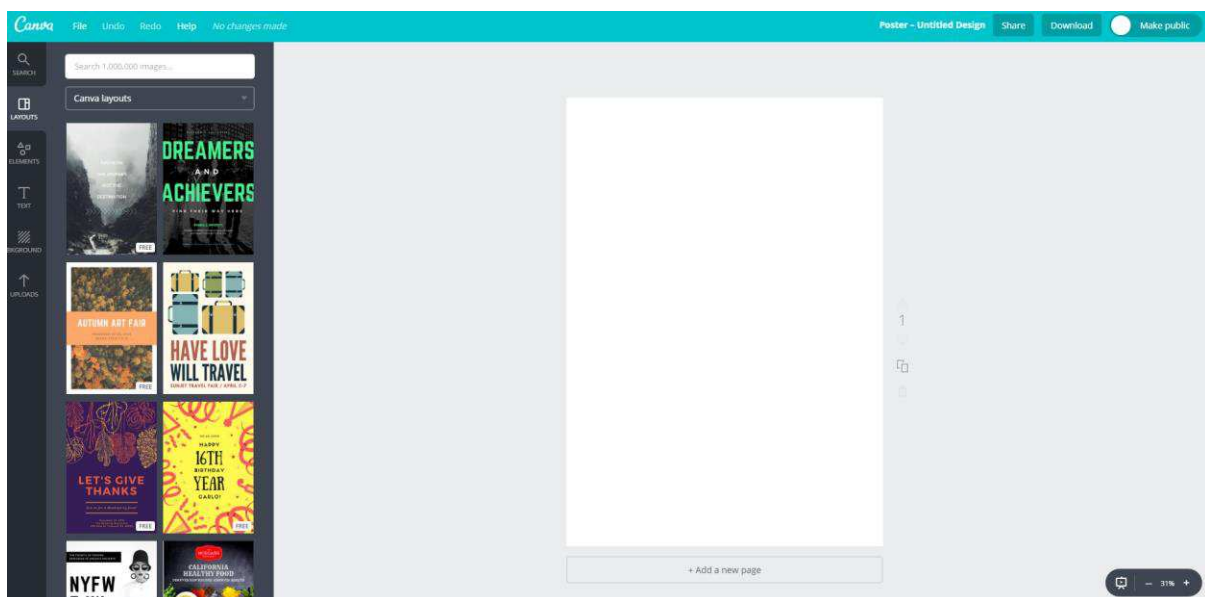

To create a new design, simply click the '*Create a design*' button on the left-hand side:

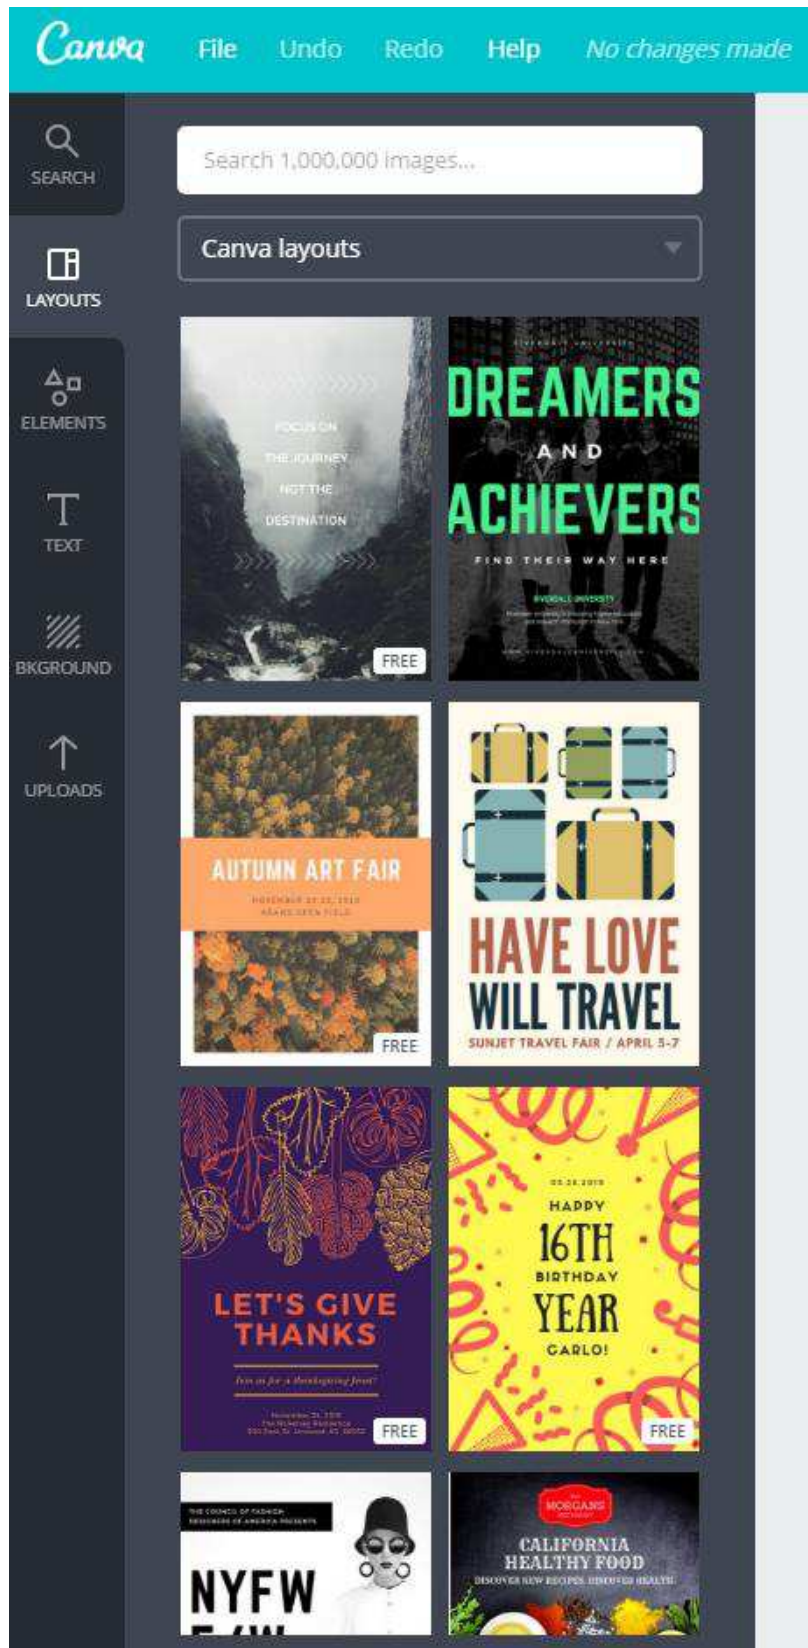

You will then have a choice of what you would like to design; from popular design types to documents:

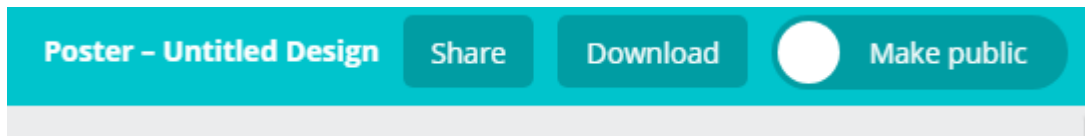

Simply click on which element you would like to work on and it will take you to a new screen. The interface looks like below:

On the left-hand side, you can change the design, text and more on your design:

Once your design is ready to be shown to the world, click the '*Download*' button to save your design to your desktop:

Ta-dah!
